Dear Ms Broadhead,

This revision is for WEB_GNLP-130 (Rackheath):

“The site is not located next to a watercourse or a mature woodland. There are no important trees within or bordering the site. However, there is a mature hedgerow to the front of the site along Golf Links Road which, in any event, the landowners would wish to see retained as part of any landscaping scheme within any proposal submitted, other than such removals as may be required for providing access. The site does not contain, nor it is near to, any known ecological or geological features.”

Best regards,
Melissa
