Just agricultural.

### **Proposed Future Uses**

**5a. Please provide a short description of the development or land use you proposed** (if you are proposing a site to be designated as local green space please go directly to question 6)

The number of houses is flexible but our preferred approach would be spacious rather than camped development providing a range of 2-4 bed properties with garages and gardens.

Affordable Housing	Yes
Residential Care Home	No

As part of the site adjoins the village playing field there is scope to extend the village community facility into this land as part of the development.

This may allow a greater number and more diverse range of village events and recreational activities

**5d. Please describe any benefits to the Local Area that the development of the site could provide.**

Wicklewood is a popular village with a variety of its own employment, plus is close to Wymondham (just 2 miles) and Norwich (just 10 miles) and the A11 (just 2 miles) so makes a good base for busy families and commuting couples. We are aware from local estate agents that Wicklewood is a sought after village, as a 'Wymondham Village'. The village has a good primary school and from this site parents can walk to school safely. Possibly event via a new shortcut path to be made through the site and the adjoining village playing field. The village also has a regular bus service so those without a car can get to work and school. The village has a public house which is within easy walking distance of the site.

**Local Green Space**

---	--

**12e. Please attach any viability assessment or development appraisal you have undertaken for the site, or any other evidence you consider helps demonstrate the viability of the site.**

Close connection of services will ensure that the building costs are kept low.  
It is believed there is sufficient demand for housing in this area that the market will be strong enough to make any development financially viable.
