**5d. Please describe any benefits to the Local Area that the development of the site could provide.**

Use of vacant land for housing.

Replacement of old employment buildings as the end of their useful life

Improvements to traffic movements on Horsbeck Way and Dog lane depending on detailed access arrangements for the development with reduction in 'commercial traffic' currently using both roads

**Local Green Space**

If you are proposed a site to be designated as Local Green Space please complete the following questions. These questions do not need to be completed if you are not proposing a site as Local Green Space. Please consult the guidance notes for an explanation of Local Green Space Designations.

**6a. Are you proposing a site to be designated as a Local Green Space?**

No

**6b. Which community would the site serve and how would the designation of the site benefit that community.**

NULL

**6c. Please describe why you consider the site to be of particular local significance e.g. recreational value, tranquillity or richness in wildlife.**

NULL

**Site Features and Constraints**

Are there any features of the site or limitations that may constrain development on this site (please give details)?

**7a. Site Access:** Is there a current means of access to the site from the public highway, does this access need to be improved before development can take place and are there any public rights of way that cross or adjoin the site?

The site has vehicular access from both Dog Lane and Horsbeck Way

<b>7b. Topography:</b> Are there any slopes or significant changes of in levels that could affect the development of the site?
The site is mainly flat and no physical constraints are anticipated that are not detailed below
<b>7c. Ground Conditions:</b> Are ground conditions on the site stable? Are there potential ground contamination issues?
Previous industrial use of part but no contamination anticipated by the nature of the use ( block works and timber yard)
<b>7d. Flood Risk:</b> Is the site liable to river, ground water or surface water flooding and if so what is the nature, source and frequency of the flooding?
Hors Beck flows through the north of the site with part falling within Flood Zone 2 ( see location plan). This area has been excluded from the assumed net developemnt area and it is envisaged that it will be used as open space.
<b>7e. Legal Issues:</b> Is there land in third party ownership, or access rights, which must be acquired to develop the site, do any restrictive covenants exist, are there any existing tenancies?
No third party or access issues. Some of the existing buildings have tenants however these are either short term (expiring mid 2018) or simple periodic tenancies on a month to month basis.
<b>7f. Environmental Issues:</b> Is the site located next to a watercourse or mature woodland, are there any significant trees or hedgerows crossing or bordering the site are there any known features of ecological or geological importance on or adjacent to the site?
Hors Beck flows through the north of the site. There are also some mature trees to the north of the site and within the area covered by flood zone 2. These areas will provide open space.
<b>7g. Heritage Issues:</b> Are there any listed buildings, Conservation Areas, Historic Parklands or Schedules Monuments on the site or nearby? If so, how might the site's development affect them?
None
<b>7h. Neighbouring Uses:</b> What are the neighbouring uses and will either the proposed use or neighbouring uses have any implications?
Residential and employment. If the northern section of the site is developed for residential an improved shared access will be created also serving the adjoining employment site.

**7i. Existing uses and Buildings:** are there any existing buildings or uses that need to be relocated before the site can be developed.

Yes but they are all on short term occupation agreements

**7j. Other:** (please specify):

None so far as we are aware
