

Greater Norwich Call for Sites Submission Form

FOR OFFICIAL USE ONLY	
Response Number:	0345
Date Received:	

This form is to be filled out by any interested parties who want to promote a site for a specific use or development to be allocated in the Greater Norwich Local Plan.

Only one form should be submitted for each individual site i.e. it is not necessary for a separate form to be completed for each landowner on a single site in multiple ownerships. However, a separate form must be completed for each individual site submitted.

Your completed form should be returned to the Greater Norwich Local Plan team no later than **5pm on Friday 8 July 2016**.

By email: callforsites@gnlp.org.uk

Or, if it is not possible submit the form electronically,

By Post to:

Greater Norwich Local Plan Team
PO Box 3466
Norwich
NR7 7NX

The responses received as part of the Greater Norwich Local Plan Call for Sites will be published and made available for public viewing. By submitting this form you are consenting to the details about you and your individual site(s) being stored by Norfolk County Council and shared with Broadland District Council, Norwich City Council and South Norfolk District Council, and that the details of the site will be published for consultation purposes.

Further advice and guidance can be obtained by visiting the Greater Norwich Local Plan website or by contacting the Greater Norwich Local Plan team directly:

Proposed Future Uses

5a. Please provide a short description of the development or land use you proposed (if you are proposing a site to be designated as local green space please go directly to question 6)

Residential development comprising approximately 50 homes, which is to incorporate attractive landscaping and attractive open spaces.

5b. Which of the following use or uses are you proposing?

Market Housing	<input checked="" type="checkbox"/>	Business & offices	<input type="checkbox"/>	Recreation & Leisure	<input type="checkbox"/>
Affordable Housing	<input checked="" type="checkbox"/>	General industrial	<input type="checkbox"/>	Community Use	<input type="checkbox"/>
Residential Care Home	<input type="checkbox"/>	Storage & distribution	<input type="checkbox"/>	Public Open Space	<input type="checkbox"/>
Gypsy & Traveller Pitches	<input type="checkbox"/>	Tourism	<input type="checkbox"/>	Other (Please Specify)	

5c. Please provide further details of your proposal, including details on number of houses and proposed floorspace of commercial buildings etc.

At this stage, proposed housing numbers are indicative, and we would look to work with the Local Planning Authority to identify the suitable number of houses for the site in relation to Ditchingham in the wider context.

5d. Please describe any benefits to the Local Area that the development of the site could provide.

The site offers an opportunity to create an attractive and successfully strategic residential development in an area of Ditchingham where associated increased traffic movements will not have a detrimental impact on the village. We make this statement with the appreciation that Highways Surveys would have to be undertaken in due course. Given the size of the site, and it's relatively level topography, we believe that a residential development could involve community facilities, such as a children's play area, that could also benefit the adjoining residential development.

The site is well screened on virtually all of its boundaries with public roads, and its access enjoys good visibility.

Local Green Space
If you are proposed a site to be designated as Local Green Space please complete the following questions. These questions do not need to be completed if you are not proposing a site as Local Green Space. Please consult the guidance notes for an explanation of Local Green Space Designations.
6a. Which community would the site serve and how would the designation of the site benefit that community.
N/A
6b. Please describe why you consider the site to be of particular local significance e.g. recreational value, tranquillity or richness in wildlife.
N/A

Site Features and Constraints
Are there any features of the site or limitations that may constrain development on this site (please give details)?
7a. Site Access: Is there a current means of access to the site from the public highway, does this access need to be improved before development can take place and are there any public rights of way that cross or adjoin the site?
There is currently an agricultural access on the southern boundary of the site onto Loddon Road, which subject to highways improvement works would provide an adequate vehicular access to the site.
7b. Topography: Are there any slopes or significant changes of in levels that could affect the development of the site?
The site benefits from a level topography.
7c. Ground Conditions: Are ground conditions on the site stable? Are there potential ground contamination issues?
The ground conditions at the site are stable, and therefore suitable for residential development. We have undertaken desktop investigations in relation to ground contamination and note that there does not appear to be any contamination issues.
7d. Flood Risk: Is the site liable to river, ground water or surface water flooding and if so what is the nature, source and frequency of the flooding?
We have inspected the Environment Agency flood maps, and note that the site is in an area that has a chance of flooding of less than 1 in 1,000.
7e. Legal Issues: Is there land in third party ownership, or access rights, which must be acquired to develop the site, do any restrictive covenants exist, are there any existing tenancies?
There are no third party rights over the site.

7f. Environmental Issues: Is the site located next to a watercourse or mature woodland, are there any significant trees or hedgerows crossing or bordering the site are there any known features of ecological or geological importance on or adjacent to the site?
N/A
7g. Heritage Issues: Are there any listed buildings, Conservation Areas, Historic Parklands or Schedules Monuments on the site or nearby? If so, how might the site's development affect them?
The area of land directly to the south east of the site, over Loddon Road (Broome Heath), is a Local Nature Reserve (LNR) which is managed by our client. There are limited areas within LNR that are designated as SSSIs/ ancient monuments.
7h. Neighbouring Uses: What are the neighbouring uses and will either the proposed use or neighbouring uses have any implications?
There is an existing residential development to the west and north of the site. The eastern and southern boundaries are bordered by public highways.
7i. Existing uses and Buildings: are there any existing buildings or uses that need to be relocated before the site can be developed.
N/A
7j. Other: (please specify):
N/A

15 - 20 years (between April 2031 and 2036)	<input type="radio"/>
11b. Once started, how many years do you think it would take to complete the proposed development (if known)?	
Given the sites vicinity to public highways and existing services, the site could be completed within a short time frame from the construction commencement date, ie two years.	

Viability			
12a. You acknowledge that there are likely to be policy requirements and Community Infrastructure Levy (CIL) costs to be met which will be in addition to the other development costs of the site (depending on the type and scale of land use proposed). These requirements are likely to include but are not limited to: Affordable Housing; Sports Pitches & Children's Play Space and Community Infrastructure Levy			<input checked="" type="checkbox"/>
	Yes	No	Unsure
12b. Do you know if there are there any abnormal costs that could affect the viability of the site e.g. infrastructure, demolition or ground conditions?	<input type="radio"/>	<input checked="" type="radio"/>	<input type="radio"/>
12c. If there are abnormal costs associated with the site please provide details: N/A			
12d. Do you consider that the site is currently viable for its proposed use taking into account any and all current planning policy and CIL considerations and other abnormal development costs associated with the site?	<input checked="" type="radio"/>	<input type="radio"/>	<input type="radio"/>

12e. Please attach any viability assessment or development appraisal you have undertaken for the site, or any other evidence you consider helps demonstrate the viability of the site.

A viability assessment is yet to be undertaken, however we would ensure, depending on how the site progresses through the new Local Plan drafting process, this matter is addressed relatively early on in proceedings in order to best assist the promotion of the site. At this stage, we do not have any concerns with potential viability issues.
