

Greater Norwich Call for Sites Submission Form

FOR OFFICIAL USE ONLY	
Response Number:	0382
Date Received:	

This form is to be filled out by any interested parties who want to promote a site for a specific use or development to be allocated in the Greater Norwich Local Plan.

Only one form should be submitted for each individual site i.e. it is not necessary for a separate form to be completed for each landowner on a single site in multiple ownerships. However, a separate form must be completed for each individual site submitted.

Your completed form should be returned to the Greater Norwich Local Plan team no later than **5pm on Friday 8 July 2016**.

By email: callforsites@gnlp.org.uk

Or, if it is not possible submit the form electronically,

By Post to:

Greater Norwich Local Plan Team
PO Box 3466
Norwich

Site location / address and post code (please include as an attachment to this response form a location plan of the site on an scaled OS base with the boundaries of the site clearly shown)	Land north of Chamery Lane Chamery Lane South Walsham Norwich NR13 6DT
Grid reference (if known)	TG 359127
Site area (hectares)	1.0 ha

4c. Describe any previous uses of the site. (please provide details of any relevant historic planning applications, including application numbers if known)

None, only agricultural use

Proposed Future Uses

5a. Please provide a short description of the development or land use you proposed (if you are proposing a site to be designated as local green space please go directly to question 6)

Residential development comprising approximately 30 dwellings and associated landscaping and open space

5b. Which of the following use or uses are you proposing?

Market Housing	<input checked="" type="checkbox"/>	Business & offices	<input type="checkbox"/>	Recreation & Leisure	<input type="checkbox"/>
Affordable Housing	<input checked="" type="checkbox"/>	General industrial	<input type="checkbox"/>	Community Use	<input type="checkbox"/>
Residential Care Home	<input type="checkbox"/>	Storage & distribution	<input type="checkbox"/>	Public Open Space	<input type="checkbox"/>
Gypsy & Traveller Pitches	<input type="checkbox"/>	Tourism	<input type="checkbox"/>	Other (Please Specify)	

5c. Please provide further details of your proposal, including details on number of houses and proposed floorspace of commercial buildings etc.

Residential development. Access is proposed from Chamery Lane. Based on site size, its edge of village location and character of surrounding development, it is considered the site could accommodate about 30 dwelling. Within the site, affordable housing would be provided to be policy compliant. An area of open space would be proposed within the scheme. Attached is an initial layout plan that shows a manner in which the site could be developed

5d. Please describe any benefits to the Local Area that the development of the site could provide.

Delivery of a further estate scale of residential development would help support local services and facilities.

Local Green Space

If you are proposing a site to be designated as Local Green Space please complete the following questions. These questions do not need to be completed if you are not proposing a site as Local Green Space. Please consult the guidance notes for an explanation of Local Green Space Designations.

6a. Which community would the site serve and how would the designation of the site benefit that community.

N/A

6b. Please describe why you consider the site to be of particular local significance e.g. recreational value, tranquillity or richness in wildlife.

N/A

Site Features and Constraints

Are there any features of the site or limitations that may constrain development on this site (please give details)?

7a. Site Access: Is there a current means of access to the site from the public highway, does this access need to be improved before development can take place and are there any public rights of way that cross or adjoin the site?

The site is currently in an agricultural use and access to the larger field exists from the south (Chamery Lane). New access would be required to serve the development. There is adequate visibility within highway boundaries and land in County Farms ownership to meet the County Council Highway requirements. There is no public right of way. New housing is allocated and proposed to the north of the site (accessed off Burlingham Road). No vehicular access is proposed to this site from the allocated site (although cycle and pedestrian links would be made).

7b. Topography: Are there any slopes or significant changes of in levels that could affect the development of the site?

The site slopes from north to south. There is limited boundary planting and fencing on the eastern boundary of the site. The boundary to the west is open and new planting would be proposed on this boundary. The topography would not offer any constraints to development.

7c. Ground Conditions: Are ground conditions on the site stable? Are there potential ground contamination issues?

The previous use is agricultural and there is no evidence of any unstable ground and previous uses suggest no risk of contamination.

7d. Flood Risk: Is the site liable to river, ground water or surface water flooding and if so what is the nature, source and frequency of the flooding?

The site falls within flood zone 1 as defined by the Environment Agency. Furthermore their mapping identifies no risk of flooding from surface water. The site has been part of the County Farms Estate for many years and in this time there has been no evidence of flooding.

7e. Legal Issues: Is there land in third party ownership, or access rights, which must be acquired to develop the site, do any restrictive covenants exist, are there any existing tenancies?

The site is currently farmed by a County Farms tenant. This is farmed on a Business Farm Tenancy. However once a planning permission has been granted, there would be no significant restriction to land being available (in next 5 years).

7f. Environmental Issues: Is the site located next to a watercourse or mature woodland, are there any significant trees or hedgerows crossing or bordering the site are there any known features of ecological or geological importance on or adjacent to the site?

Limited hedge planting on and adjacent to site including in part on boundary to Chamery Lane

7g. Heritage Issues: Are there any listed buildings, Conservation Areas, Historic Parklands or Schedules Monuments on the site or nearby? If so, how might the site's development affect them?

None

7h. Neighbouring Uses: What are the neighbouring uses and will either the proposed use or neighbouring uses have any implications?

The site is agricultural. The adjacent uses to the site are residential. There would be no conflict between the proposed housing development and adjacent residential occupiers, subject to normal design and layout considerations.

7i. Existing uses and Buildings: are there any existing buildings or uses that need to be relocated before the site can be developed.

No

7j. Other: (please specify):

None

Utilities

8a. Which of the following are likely to be readily available to service the site and enable its development? Please provide details where possible.

	Yes	No	Unsure
Mains water supply	<input checked="" type="radio"/>	<input type="radio"/>	<input type="radio"/>
Mains sewerage	<input type="radio"/>	<input checked="" type="radio"/>	<input type="radio"/>

Broadband internet	<input type="radio"/>	<input type="radio"/>	<input checked="" type="radio"/>

Other (please specify):	
<p>8b. Please provide any further information on the utilities available on the site: This site is located immediately to the south of land allocated in BDC Site Allocations DPD for housing (and this site was identified and allocated as developable without any utilities constraint). This current allocated site will be developed in advance of this proposed site off Chamery Lane and will offer the opportunity for services to be provided to link to this land immediately to the south.</p>	

Availability	
9a. Please indicate when the site could be made available for the land use or development proposed.	
Immediately	<input type="radio"/>
1 to 5 years (by April 2021)	<input checked="" type="radio"/>
5 - 10 years (between April 2021 and 2026)	<input type="radio"/>
10 - 15 years (between April 2026 and 2031)	<input type="radio"/>
15 - 20 years (between April 2031 and 2036)	<input type="radio"/>
9b. Please give reasons for the answer given above.	
See question 7(e). Business Farm Tenancy would allow land to be taken out of the County Farms estate and be available for housing development	

Market Interest		
10. Please choose the most appropriate category below to indicate what level of market interest there is/has been in the site. Please include relevant dates in the comments section.		
	Yes	Comments

Site is under option to a developer/promoter	<input type="radio"/>	
Enquiries received	<input type="radio"/>	

Site is being marketed	<input type="radio"/>	
None	<input checked="" type="radio"/>	
Not known	<input type="radio"/>	

Delivery	
11a. Please indicate when you anticipate the proposed development could be begun.	
Up to 5 years (by April 2021)	<input checked="" type="radio"/>
5 - 10 years (between April 2021 and 2026)	<input type="radio"/>
10 - 15 years (between April 2026 and 2031)	<input type="radio"/>
15 - 20 years (between April 2031 and 2036)	<input type="radio"/>
11b. Once started, how many years do you think it would take to complete the proposed development (if known)?	
In view of the size of site, it is anticipated that the site would be developed in a two year period.	

Viability			
12a. You acknowledge that there are likely to be policy requirements and Community Infrastructure Levy (CIL) costs to be met which will be in addition to the other development costs of the site (depending on the type and scale of land use proposed). These requirements are likely to include but are not limited to: Affordable Housing; Sports Pitches & Children's Play Space and Community Infrastructure Levy			<input checked="" type="checkbox"/>
	Yes	No	Unsure
12b. Do you know if there are there any abnormal costs that could affect the viability of the site e.g. infrastructure, demolition or ground conditions?	<input type="radio"/>	<input checked="" type="radio"/>	<input type="radio"/>
12c. If there are abnormal costs associated with the site please provide details:			
12d. Do you consider that the site is currently viable for its proposed use taking into account any and all current planning policy and CIL considerations and other abnormal development costs associated with the site?	<input checked="" type="radio"/>	<input type="radio"/>	<input type="radio"/>

12e. Please attach any viability assessment or development appraisal you have undertaken for the site, or any other evidence you consider helps demonstrate the viability of the site.

The site is currently in agricultural use.

There are no ground condition or contamination constraints which would suggest abnormal costs.

Infra-structure costs are not likely to be abnormal for a greenfield site.

In view of the owners experience of promoting sites for development and likely market interest, there is considered to be no reason to prepare a detailed viability development appraisal to support this submission.
