SITE

THE SITE AND AREA

The site is currently an agricultural field forming part of the Malthouse Farm Estate occupying a position separated from the main farm holding. The site runs parallel to the A140 and is presently accessed from Hickling Lane. The site boundary to the North is currently undefined being part of a larger field. The site boundary to the South and West runs alongside existing residential housing plots. Swainsthorpe has been identified as an 'Other Village' in the Joint Core Strategy. There are a small range of facilities comprising a public house, a bus service and a church. The village has good road links to the City of Norwich. Existing development is concentrated between the A140 and the railway line characterised by detached dwellings.

THE DEVELOPMENT

The scheme could provide approximately 25 dwellings in a range of sizes. The scheme proposes to adopt the style of traditional dwellings but with the benefits and knowledge of modern technologies. Architectural features found locally will be utilised on the development to allow it to integrate easily within the village.

ACCESS

It is proposed to access the development from Church View.

LANDSCAPING

The landscaping works associated with the development will ensure that the landscaping complements the development. It is proposed to plant a native hedge around the development to minimise the impact of the development on the open landscape and provide an element of screening to the existing residents.
