4b. Has the site been previously No developed?	

5. Proposed Future Uses

5a. Please provide a short description of the development or land use you proposed (if you are proposing a site to be designated as local green space please go directly to question 6)

5 dwellings

5b. Which of the following use or uses are - Market Housing **you proposing?**

5c. Please provide further details of your proposal, including details on number of houses and proposed floorspace of commercial buildings etc.

5 detached houses some with shared drives where appropriate, on a level with the highway with access onto the road with good visibility in both directions.

5d. Please describe any benefits to the Local Area that the development of the site could provide. More houses for the village taking into the account the linear nature of the village. The siting of the houses would not have significant impact on traffic though the village.

6. Local Green Space

If you are proposing a site to be designated as Local Green Space please complete the following questions. These questions do not need to be completed if you are not proposing a site as Local Green Space. Please consult the guidance notes for an explanation of Local Green Space Designations.

7. Site Features and Constraints

Are there any features of the site or limitations that may constrain development on this site (please give details)?

7a. Site Access: Is there a current means of access to the site from the public highway, does this access need to be improved before development can take place and are there any public rights of way that cross or adjoin the site?

There are public rights of way across the site. Due to the straight nature of the road there are good visibility splays in both directions.

7b. Topography: Are there any slopes or significant changes of in levels that could affect the development of the site?

No, the site is relatively level with the highway and the surrounding land.

7c. Ground Conditions: Are ground conditions on the site stable? Are there potential ground contamination issues?

The ground is stable and as far as we know there is no contamination issues.

7d. Flood Risk: Is the site liable to river, ground water or surface water flooding and if so what is the nature, source and frequency of the flooding?

No the area is not in a flood plain

7e. Legal Issues: Is there land in third party ownership, or access rights, which must be acquired to develop the site, do any restrictive covenants exist, are there any existing tenancies? No

7f. Environmental Issues: Is the site located next to a watercourse or mature woodland, are there any significant trees or hedgerows crossing or bordering the site are there any known features of ecological or geological importance on or adjacent to the site?

No there are no watercourses, no mature woodland and no hedgerows, just one mature tree on the roadside.

7g. Heritage Issues: Are there any listed buildings, Conservation Areas, Historic Parklands or Schedules Monuments on the site or nearby? If so, how might the site's development affect them? No

7h. Neighbouring Uses: What are the neighbouring uses and will either the proposed use or neighbouring uses have any implications?

On one side is a row of social housing (Oak Close) and to the read and south side is agricultural land

7i. Existing uses and Buildings: are there any existing buildings or uses that need to be relocated before the site can be developed.

No
