3b. Please provide the name, address and contact details of the site's landowner(s)

Messrs M & R Webster

4. Current and Historic Land Uses

4a. Current Land Use (Please describe the site's current land use e.g. agriculture, employment, unused/vacant etc.)

Agriculture

4b. Has the site been previously developed? No

5. Proposed Future Uses

5a. Please provide a short description of the development or land use you proposed (if you are proposing a site to be designated as local green space please go directly to question 6)

Residential development

5b. Which of the following use or uses are you proposing? - Market Housing

5c. Please provide further details of your proposal, including details on number of houses and proposed floorspace of commercial buildings etc.

20 dwellings

5d. Please describe any benefits to the Local Area that the development of the site could provide.

The site is located within the development boundary on the outskirts of Aylsham, a key centre for development in the Broadland district. The site is bounded by existing residential development to the west, and land which is allocated for residential development to the east. Access is off the A140 to the south. A public right of way runs along the western boundary of the site, providing easy access on foot to the centre of Aylsham and the range of services and facilities on offer.

6. Local Green Space

If you are proposing a site to be designated as Local Green Space please complete the following questions. These questions do not need to be completed if you are not proposing a site as Local Green Space. Please consult the guidance notes for an explanation of Local Green Space Designations.

7. Site Features and Constraints

Are there any features of the site or limitations that may constrain development on this site (please give details)?

7a. Site Access: Is there a current means of access to the site from the public highway, does this access need to be improved before development can take place and are there any public rights of way that cross or adjoin the site?

Access is off the A140 to the south of the site. A public right of way runs along the western boundary of the site (outside of the land ownership) providing easy access to the centre of Aylsham.

7b. Topography: Are there any slopes or significant changes of in levels that could affect the development of the site?

The site is level.

7c. Ground Conditions: Are ground conditions on the site stable? Are there potential ground contamination issues?

Ground conditions are stable. The site has been used for agriculture (arable production) for at least 50 years. Contamination risk is nominal.

7d. Flood Risk: Is the site liable to river, ground water or surface water flooding and if so what is the nature, source and frequency of the flooding?

Flood risk is low/nominal.

7e. Legal Issues: Is there land in third party ownership, or access rights, which must be acquired to develop the site, do any restrictive covenants exist, are there any existing tenancies?

None of which the landowner is aware.

7f. Environmental Issues: Is the site located next to a watercourse or mature woodland, are there any significant trees or hedgerows crossing or bordering the site are there any known features of ecological or geological importance on or adjacent to the site?

None of which the landowner is aware.

7g. Heritage Issues: Are there any listed buildings, Conservation Areas, Historic Parklands or Schedules Monuments on the site or nearby? If so, how might the site's development affect them?

None of which the landowner is aware.

7h. Neighbouring Uses: What are the neighbouring uses and will either the proposed use or neighbouring uses have any implications?

Residential development lies to the west of the site. Land currently used for Aylsham Car Boot lies to the east, however it is our understanding that this site has been nominated for residential development in the draft Neighbourhood Plan (Aylsham Town Council).

7i. Existing uses and Buildings: are there any existing buildings or uses that need to be relocated before the site can be developed.

There are no existing buildings on site.

8. Utilities

8a. Which of the following are likely to be readily available to service the site and enable its development? Please provide details where possible.

Mains water supply Yes

Mains sewerage Yes

Electricity supply Yes

Gas supply Unsure

Public highway Yes

Broadband internet Yes

8b. Please provide any further information on the utilities available on the site:

The above answers are provided on the assumption that these services would be available due to the proximity of existing residential development.

9. Availability

9a. Please indicate when the site could be made available for the land use or development proposed. Immediately

9b. Please give reasons for the answer given above.

There are no restrictions on site and the land is farmed in-hand by the landowner. The availability of the site is subject to the obtaining of planning consent.

10. Market Interest

10. Please choose the most appropriate category below to indicate what level of market interest there is/has been in the site. Please include relevant dates in the comments section. None

11. Delivery

11a. Please indicate when you anticipate the proposed development could be begun. Up to 5 years (by April 2021)

12. Viability

This is the description of your section break.

12a. You acknowledge that there are likely to be policy requirements and Community Infrastructure Levy (CIL) costs to be met which will be in addition to the other development costs of the site (depending on the type and scale of land use proposed). These requirements are likely to include but are not limited to: Affordable Housing; Sports Pitches & Children's Play Space and Community Infrastructure Levy - I agree

12b. Do you know if there are there any abnormal costs that could affect the viability of the site e.g. infrastructure, demolition or ground conditions? Yes

12c. If there are abnormal costs associated with the site please provide details:
The costs of linking the site to services (water, drainage etc.) are unknown at this stage.

12d. Do you consider that the site is currently viable for its proposed use taking into account any and all current planning policy and CIL considerations and other abnormal development costs associated with the site? Yes
