13. Other Relevant Information

13. Please use the space below to for additional information or further explanations on any of the topics covered in this form

We believe the site highlight is in an ideal location for residential development. Sneath road has a large amount of residential dwellings set in a linear formation. There are dwellings directly opposite our site and to the East. We can see no reason why our site could not provide a continuation of dwellings in a linear arrangement. Aslacton has good transport links, a school, church etc.
