Greater Norwich Local Plan Team PO Box 3466 Norwich NR7 7NX

21st December 2018

Dear Sirs

Greater Norwich Local Plan Regulation 18 Consultation Site Submission

I enclose herewith a site submission for consideration. I also wish to make representations regarding Ringland Vitlage that has been declassified as a village and does not benefit from a settlement boundary to meet the local need.

Ringland remains excluded and declassified as a village and in consequence I question whether (in this regard) the plan is sound i.e. justified, effective and consistent with National Policy.

Ringland is a medieval village and the negative consequences of declassification includes reduction of Local Accountability through the Parish Council, reduced opportunities of Grant Funding for local amenities including for example the village Green, possible future reduction in Public Services, and the total withdrawal of any housing opportunities necessary to meet local needs.

I contend that Policy 16 of the Joint core strategy (Other Villages) remains relevant to Ringland and that it should be reclassified in this category, and a settlement boundary incorporated for the following reasons.

1) 6.61 Of the Joint core strategy stated The 'Other Villages' have been defined as having a basic level of services/facilities. This is generally a primary school and village hall, though regard will be had to the presence of a range of other services. These will normally be available within the defined settlement, though regard will also be had to their availability in other nearby settlements where there is good access particularly by foot or cycle.

Ringland has a Village Hall and thriving Pub, and well supported 13th Century Church. Schooling from Primary to High School is available within 1mile in Taverham and easily accessible by bicycle or foot, or school bus.

A diverse range of Shops, a Library and a Doctor's Surgery are similarly available from Taverham 1 mile away, as is public transport to and from Norwich.

"Regard" to the criteria of availability of such facilities in nearby settlements is stated in policy 6.61 and there is considerable precedent for acceptance of this criteria in numerous villages since classified as "Villages" or "Other Villages".

- Limited infill or small-scale development is necessary to deliver the wishes and perceived rights of the younger members of families resident in Ringland over several generations, to continue to reside in Ringland.
- 3) An Independent Housing needs Survey was conducted in October 2006 by the Norfolk Rural community Council which concluded:

"There are currently a minimum of 5 households with local connection to Ringland in need of Housing."

The survey also stated "at least 5 family members have moved away from households in Ringland due to difficulties in finding accommodation."

The position was not addressed and the scale of need has increased.

Re categorising Ringland as a village as its status justifies will enable such issues to and enable due account of local housing needs.

Increased traffic volume has been stated as the prime reason for the constraint on local housing and this will in any event is to be dramatically reduced from existing levels by any likely route of the NDR and independent surveys anticipate that traffic over Ringland bridge and the local toad network will reduce from 5700 per day to 400 per day.

Yours Faithfully

Terry Davies

Greater Norwich Site Submission Form

FOR OFFICIAL USEONLY	STATE OF THE PARTY	
Response Number:	A MARCHANIA	out Name of
Date Received:	BIGHC	Smarl Ball

This form is to be filled out by any interested parties who want to promote a site for a specific use or development to be allocated in the Greater Norwich Local Plan.

Only one form should be submitted for each individual site i.e. it is not necessary for a separate form to be completed for each landowner on a single site in multiple ownerships. However, a separate form must be completed for each individual site submitted.

Your completed form should be returned to the Greater Norwich Local Plan team:

By email: gnlp@norfolk.gov.uk

Or, if it is not possible submit the form electronically,

By Post to:

Greater Norwich Local Plan Team PO Box 3466 Norwich NR7 7NX

The site submissions received as part of the Greater Norwich Local Plan Regulation 18 Consultation will be published and made available for public viewing. By submitting this form you are consenting to the details about you and your individual site (s) being stored by Norfolk County Council and shared with Broadland District Council, Norwich City Council and South Norfolk District Council, and that the details of the site will be published for consultation purposes. Under the (GDPR) General Data Protection Regulation Norfolk County Council will be the data controller.

Further advice and guidance can be obtained by visiting the Greater Norwich Local Plan website or by contacting the Greater Norwich Local Plan team directly:

Website: www.gnlp.org.uk E-mail: gnlp@norfolk.gov.uk Telephone: 01603 306603

Local Green Space

If you are proposed a site to be designated as Local Green Space please complete the following questions. These questions do not need to be completed if you are not proposing a site as Local Green Space. Please consult the guidance notes for an explanation of Local Green Space Designations.

6a. Which community would the site serve and how would the designation of the site benefit that community.

6b. Please describe why you consider the site to be of particular local significance e.g. recreational value, tranquillity or richness in wildlife.

Site Features and Constraints

Are there any features of the site or limitations that may constrain development on this site (please give details)?

7a. Site Access: Is there a current means of access to the site from the public highway, does this access need to be improved before development can take place and are there any public rights of way that cross or adjoin the site?
